

IDD Town Hall Meetings

Getting to know you. For those with Intellectual and Developmental Disabilities (I/DD), their families and friends. Aetna Better Health of Kansas invites you to attend our town hall meetings. We have contracted with the Self-Advocacy Coalition of Kansas (SACK) to help organize and manage the town halls. We will share our new and exciting I/DD approach, including projects that we are working on and most importantly to listen and learn from you ways that we can best work together.
