

The Kansas Youth Empowerment Academy presents...

Are you letting others  
define your life?  
Or, are you...

college apartment  
LIVING  
job health  
grades travel  
friends LOUD!  
technology hobbies  
dating

Learn how to make your dreams come true!

Youth with disabilities should be in charge of their own future. This presentation encourages them to do just that! Living Out Loud (LOL) gives youth with disabilities the tools to set their own goals and the empowerment to achieve them. Audience members will explore their goals, learn tips for achieving these goals, hear youth success stories, and create a self-authored plan for the future.

**the details:** This FREE presentation is geared toward high school students with disabilities. LOL is a two-part presentation that can be given right in the classroom. The presentation is split up into two one-hour long sessions. After the presentation, KYEA will provide resources and ongoing support to the youth participants.

Bring Living Out Loud to your students today!
